

The new WKA minor release form does not require notarization except in very limited circumstances.

If the minor's parent or guardian is unable to attend the child's first race please reach out to us at flybythebook@yahoo.com and we will email you a copy of the minor release form to get notarized.

In all other circumstances, the parent or legal guardian will sign at the gate at the first attended race and that will remain on file for the season – no notarization required.

Thanks for racing with us!
